

Facility Introduction

What kind of facility is the Support Center?

The cooperation of citizens is key to creating a society where people can peacefully live life to the fullest.

The Saitama City Civic Activities Support Center is a facility that works with civic activity groups based in Saitama City, and citizens who want to start new activities in the future.

This 'Support Center' also provides information relating to civic activities and volunteering opportunities.

What are Civic Activities?

We define Civic Activities as activities that are organized by citizens in order to solve issues that arise in the region, for the benefit of the public. They are non-commercial, repeating, public activities.

These activities cover a wide range of topics, such as community building, welfare, healthcare, child-rearing, the environment, the arts, and sports.

Facilities:

- ① Lounge: Meetings and conferences
 - ② Printing Room: Leaflets and resource making
 - ③ Varied Exhibition Corner: Exhibition of activities
 - ④ General Help Desk: Advice on civic activities
- Events are also offered, such as level-up lectures for civic activity groups, exchange events, and the Civic Activities Support Center Festival.
